YAVAPAI RANCH LAND EXCHANGE REFINEMENT ACT OF 2002

Mr. HANSEN. Mr. Speaker, I ask unanimous consent that the Committee on Resources be discharged from further consideration of the bill (H.R. 5513) to authorize and direct the exchange of certain land in the State of Arizona between the Secretary of Agriculture and Yavapai Ranch Limited Partnership, and ask for its immediate consideration in the House.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

The Clerk read the bill, as follows:

H.R. 5513

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Yavapai Ranch Land Exchange Refinement Act of 2002”.

SEC. 2. FINDINGS AND PURPOSES.

(a) **FINDINGS.**—Congress finds that—

(1) certain parcels of private land in the approximately 170 square miles of land commonly known as the “Yavapai Ranch” and located in Yavapai County, Arizona, are intermingled with National Forest System land owned by the United States and administered by the Secretary of Agriculture as part of Prescott National Forest;

(2) the private land is owned by the Yavapai Ranch Limited Partnership and the Northern Yavapai, L.L.C. in an intermingled checkerboard pattern, with the United States or Yavapai Ranch Limited Partnership and the Northern Yavapai, L.L.C. owning alternate square mile sections of land or fractions of square mile sections;

(3) much of the private land within the checkerboard area (including the land located in or near the Pine Creek watershed, Juniper Mesa Wilderness Area, Haystack Peak, and the Luis Maria Baca Float No. 5) is located in environmentally sensitive areas that possess outstanding attributes and values for public management, use, and enjoyment, including opportunities for—

(A) outdoor recreation;

(B) preservation of stands of old growth forest;

(C) important and largely unfragmented habitat for antelope, deer, elk, mountain lion, wild turkey, and other wildlife species;

(D) watershed protection and enhancement;

(E) scientific research;

(F) rangeland;

(G) ecological and archaeological resources; and

(H) scenic vistas;

(4) the checkerboard ownership pattern of land within the Yavapai Ranch detracts from sound and efficient management of the intermingled National Forest System land;

(5) if the private land in the checkerboard area is subdivided or developed, the intermingled National Forest System land will become highly fragmented and lose much of the value of the land for wildlife habitat and future public access, use, and enjoyment;

(6) acquisition by the United States of certain parcels of land that have been offered by Yavapai Ranch Limited Partnership and the Northern Yavapai, L.L.C. for addition to Prescott National Forest will serve important public objectives, including—

(A) acquiring private land that meets the criteria for inclusion in the National Forest System in exchange for land with lower public, environmental, and ecological values;

(B) consolidating a large area of National Forest System land to preserve—

(i) permanent public access, use, and enjoyment of the land; and

(ii) efficient management of the land;

(C) minimizing cash outlays by the United States to achieve the objectives described in subparagraphs (A) and (B);

(D) significantly reducing administrative costs to the United States through—

(i) consolidation of Federal land holdings for more efficient land management and planning;

(ii) elimination of approximately 350 miles of boundary between private land and the Federal parcels;

(iii) reduced right-of-way, special use, and other permit processing and issuance for roads and other facilities on National Forest System land; and

(iv) other administrative cost savings;

(E) significantly protecting the watershed and stream flow of the Verde River in Arizona by reducing the land available for future development within that watershed by approximately 25,000 acres; and

(F) conserving the waters of the Verde River through the recording of declarations restricting the use of water on Federal land located near the communities of Camp Verde, Cottonwood and Clarkdale to be exchanged by the United States to Yavapai Ranch Limited Partnership or the Northern Yavapai, L.L.C.;

(7) Yavapai Ranch Limited Partnership and the Northern Yavapai, L.L.C. have selected parcels of National Forest System land that are logical for conveyance to

Yavapai Ranch Limited Partnership or the Northern Yavapai, L.L.C. through a land exchange because the parcels—

(A) are located in less environmentally sensitive areas than the land to be acquired by the United States;

(B) have significantly lower recreational, wildlife, ecological, aesthetic, and other public purpose values than the land to be acquired by the United States; and

(C) are encumbered by special use permits and rights-of-way for a variety of purposes (including summer youth camps, municipal water treatment facilities, sewage treatment facilities, city parks, and airport-related facilities) that—

(i) limit the usefulness of the parcels for general National Forest System purposes; but

(ii) are logical for pass-through conveyances from Yavapai Ranch Limited Partnership and the Northern Yavapai, L.L.C. to the permit or right-of-way holders;

(8) because of residential and ranchette-style subdivisions and developments on land adjacent to the Yavapai Ranch, it is in the interest of the public—

(A) to authorize, direct, facilitate, and expedite the exchange of Federal land and non-Federal land; and

(B) to establish a large consolidated area of National Forest System land; and

(9) without a land exchange, Yavapai Ranch Limited Partnership and the Northern Yavapai, L.L.C. will be forced to initiate development of the non-Federal land.

(b) **PURPOSE.**—The purpose of this Act is to further the public interest by authorizing, directing, facilitating, and expediting the exchange of Federal land and non-Federal land between the United States, Yavapai Ranch Limited Partnership, and the Northern Yavapai, L.L.C.
